INDUSTRIAL VISIT AND EXPERT LECTURE PAGE

INDUSTRIAL VISIT/ TRAINING

For improving of students practical skill & firsthand knowledge of industrial environment, the department organizes industrial Visit & visited to;

- Abhijit Power Plant, MIDC, Butibori
- “Water Treatment Plant (NMC)” Gorewada.
- Construction site of 220 KV Transmission Tower at Borgaon Village
- Ajni Loco Shed (INDIAN RAILWAYS), Nagpur
- Substation visit to KATOL SUBSTATION OF 33KV/11KV

NO	NAME OF EXPERT	SIGNATURE AND COMPANY/ ORGANISATION	TOPIC OF LECTURE
1	MR. THAKRE	TRAINER AT PROLIFIC PVT LTD	INDUSTRIAL AUTOMATION
2	PROF. AJAY AREKAROD	ELECTRICAL DEPT. G.P. SAKOI	DC MACHINES
3	PROF. MANISH BOTKEWAR	NIT NAGPUR	ELECTRICAL CIRCUIT

TRAINING CONDUCTED BY ELECTRICAL DEPARTMENT

SCHEDULE :- AFTER SUMMER AND WINTER MSBTE EXAM

1) PLC SCADA.

Objective of Training Program:

- To understand the PLC SCADA software.
- To understand the logic behind PLC SCADA.
- To increase employability in the Power station as operator.

Benefits / Career Opportunities:

- Technician Expert in handling PLC SCADA.
- Self-employment as Trainer of PLC SCADA.
- Able to work as Technician in GENCO, DISCOM

2) INDO GERMAN TOOL ROOM

Objective of Training Program:

The program is essential to gain practical skills in Electrical Engineering

- To understand the PLC Programming.
- To understand the logic behind PLC Programming.
- To increase employability in the Power station as operator.

Benefits / Career Opportunities:

- Technician Expert in handling PLC Programming.
- Self-employment as Trainer of PLC Programming.
- Able to work as Technician in GENCO, DISCOM.
